### **CONSENT ITEMS**

---

1. Consider and act upon approval of the Minutes from the December 7, 2010, Regular Meeting.

A motion was made by Commissioner Tamez, and seconded by Vice Chairman Wright, to approve the minutes from December 7, 2010 Regular Meeting, as submitted. Motion carried 6 – 0.

### **REGULAR AGENDA**

---

## **Action Agenda**

1. Consider a recommendation to the City Council regarding a Final Plat for Birmingham Elementary School, Block A, Lot 1 on 14.749 gross acres, generally located north of W. Brown Street and approximately 704 feet east of Westgate Way (700 W. Brown Street).

Mr. Lee stated that the property was never platted, when the elementary school was initially constructed. Recently a building permit was submitted for minor expansion and the Wylie Independent School District agreed to make the property a legal lot of record.

The plat will dedicate the necessary right-of-way for Brown Street improvements and reflect and dedicate utility, fire lane and access easements.

With no questions for the applicant, Ronny Klingbeil, or Staff, a motion was made by Commissioner Jordan, and seconded by Commissioner Dahl, to recommend approval to the City Council regarding a Final Plat for Birmingham Elementary School, Block A, Lot 1 on 14.749 gross acres, generally located north of W. Brown Street and approximately 704 feet east of Westgate Way (700 W. Brown Street). Motion carried 6 – 0.

2. Consider a recommendation to the City Council regarding a Final Plat for Hartman Elementary School, Block A, Lot 1 on 8.201 gross acres, generally located north of W. Kirby Street and east of S. Birmingham Street (501 S. Birmingham Street).

Mr. Lee stated that the property was never platted, when the elementary school was initially constructed. Recently a building permit was submitted for minor expansion and the Wylie Independent School District agreed to make the property a legal lot of record.

The plat will dedicate the fire lane and access easements.

With no questions for the applicant or staff, a motion was made by Commissioner Dahl, and seconded by Vice-Chairman Wright, to recommend approval to the City Council regarding a Final Plat for Hartman Elementary School, Block A, Lot 1 on 8.201 gross acres, generally located north of W. Kirby Street and east of S. Birmingham Street (501 S. Birmingham Street). Motion carried 6 – 0.

3. Consider a recommendation to the City Council regarding a Final Plat for Waterbrook Bible Fellowship, a Worship Facility located on 4.613 acres at 507 Thomas Street.

Mr. Haskins stated that the applicant is developing a single story commercial style building of 7,533 square feet on the 4.62 acre lot for use as a House of Worship in a Single-Family 10/24 Residential zoning district.

The Preliminary Plat was approved by City Council in August 2010. However, the Final Plat differs slightly from the Preliminary Plat due to a change in the right-of-way easement. The Final Plat proposes to extend the easement to the east and move the southern access point to the southeastern edge of the property. This will accommodate Phase II when they get ready to begin construction. The City Engineer and Fire Marshal have reviewed this change and provided no comments or objections.

Commissioner Dahl questioned if there will be access off Lanny Earl Hale Street. Mr. Bryan Rogers, Better Design Resources, P.O. Box 1454, Wylie, applicant for the subject property, stated that the plat proposes forty additional parking spaces, and the hammer-head design at the southeastern edge of the property allows the fire trucks room to turn around within the parking lot. The access for the property will be off Thomas Street only. There is a ditch between Lanny Earl Hale Street and the edge of the property, that is owned by TxDot. There are no plans in the future to have an access off Lanny Earl Hale Street.

A motion was made by Commissioner Jordan, and seconded by Commissioner Kopchenko, to recommend approval to the City Council regarding a Final Plat for Waterbrook Bible Fellowship, a Worship Facility located on 4.613 acres at 507 Thomas Street. Motion carried 6 – 0.

4. Consider and act upon approval of a Site Plan for Zlan Corner Addition, Block A, Lot 2R. Subject property being generally located on the northeast corner of Country Club Road (FM 1378) and W. Brown Street (FM 3412).

Mr. Lee stated that the applicant is proposing to develop a single story, 13,000 square foot retail building on the property. The property is zoned Neighborhood Services (NS) District and consists of two lots totaling 1.814 acres in size. In 2005, Zlan Corner Addition was platted on nine acres with four commercial lots. A Replat combining lots 2 & 3 into one single lot is on the current agenda.

The proposed building will be constructed with a combination of stone and split face concrete block with at least 20% stone on the front façade.

With no questions for the applicant or staff, a motion was made by Vice-Chairman Wright, and seconded by Commissioner Tamez, to approve the Site Plan for Zlan Corner Addition, Block A, Lot 2R generally located on the northeast corner of Country Club Road (FM 1378) and W. Brown Street (FM 3412) subject to approval of a replat combining the two separate lots into one and dedicating fire lane and access easement to accommodate the development of the property. Motion carried 6 – 0.

5. Consider a recommendation to the City Council regarding a Replat for Zlan Corner Addition, Block A, Lot 2R, combining two commercial lots into one on 1.814 acres and dedicating fire lane and access easements. The property is generally located on the northeast corner of Country Club Road (FM 1378) and W. Brown Street (FM 3412).

Mr. Lee stated that the proposed Replat will combine Lots 2 and 3 into one lot to accommodate development of retail and other commercial uses on the property. A corresponding site plan is on the current agenda for consideration.

The Replat complies with all applicable technical requirements of the City of Wylie.

With no questions for the applicant or staff, a motion was made by Commissioner Kopchenko, and seconded by Vice Chairman Wright, to recommend approval to the City Council regarding a Final Plat for Zlan Addition, Block A, Lot 2R, combining two commercial lots into one on 1.814 acres and dedicating fire lane, and access easements. The property is generally located on the northeast corner of Country Club Road (FM 1378) and W. Brown Street (FM 3412). Motion carried 6 – 0.

#### **ADJOURNMENT**

A motion was made by Vice Chairman Wright, and seconded by Commissioner Dahl, to adjourn the meeting at 7:02PM. All Commissioners were in consensus.

## AGENDA REPORT

<b>Meeting Date:</b>	<u>February 15, 2011</u>	<b>Item Number:</b>	<u>1</u>
<b>Department:</b>	<u>Planning</u>		
<b>Prepared By:</b>	<u>Charles H. Lee, AICP, CBO</u>	<b>Subdivision:</b>	<u>Wylie Civic Center</u>
<b>Date Prepared:</b>	<u>January 10, 2011</u>	<b>Zoning District:</b>	<u>BG</u>
		<b>Exhibits:</b>	<u>Final Plat</u>

### Subject

Consider a recommendation to the City Council regarding a Final Plat creating four (4) lots on 260.08 acres, generally located north of FM 544, south of FM 3412 (Brown Street), and east and west of FM 1378 (Country Club Drive).

### Recommendation

Motion to recommend approval to City Council for a Final Plat establishing four (4) lots on 260.08 acres, generally located north of FM 544, south of FM 3412 (Brown Street), and east and west of FM 1378 (Country Club Drive).

### Discussion

#### Rescheduled from February 1, 2011 meeting

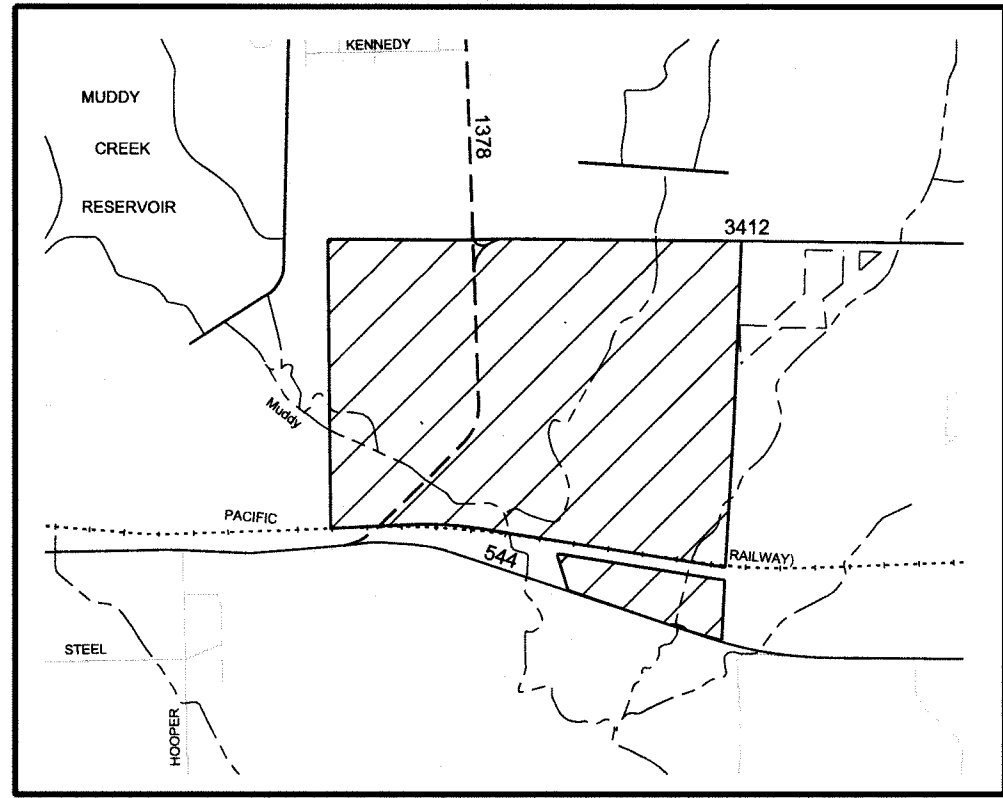

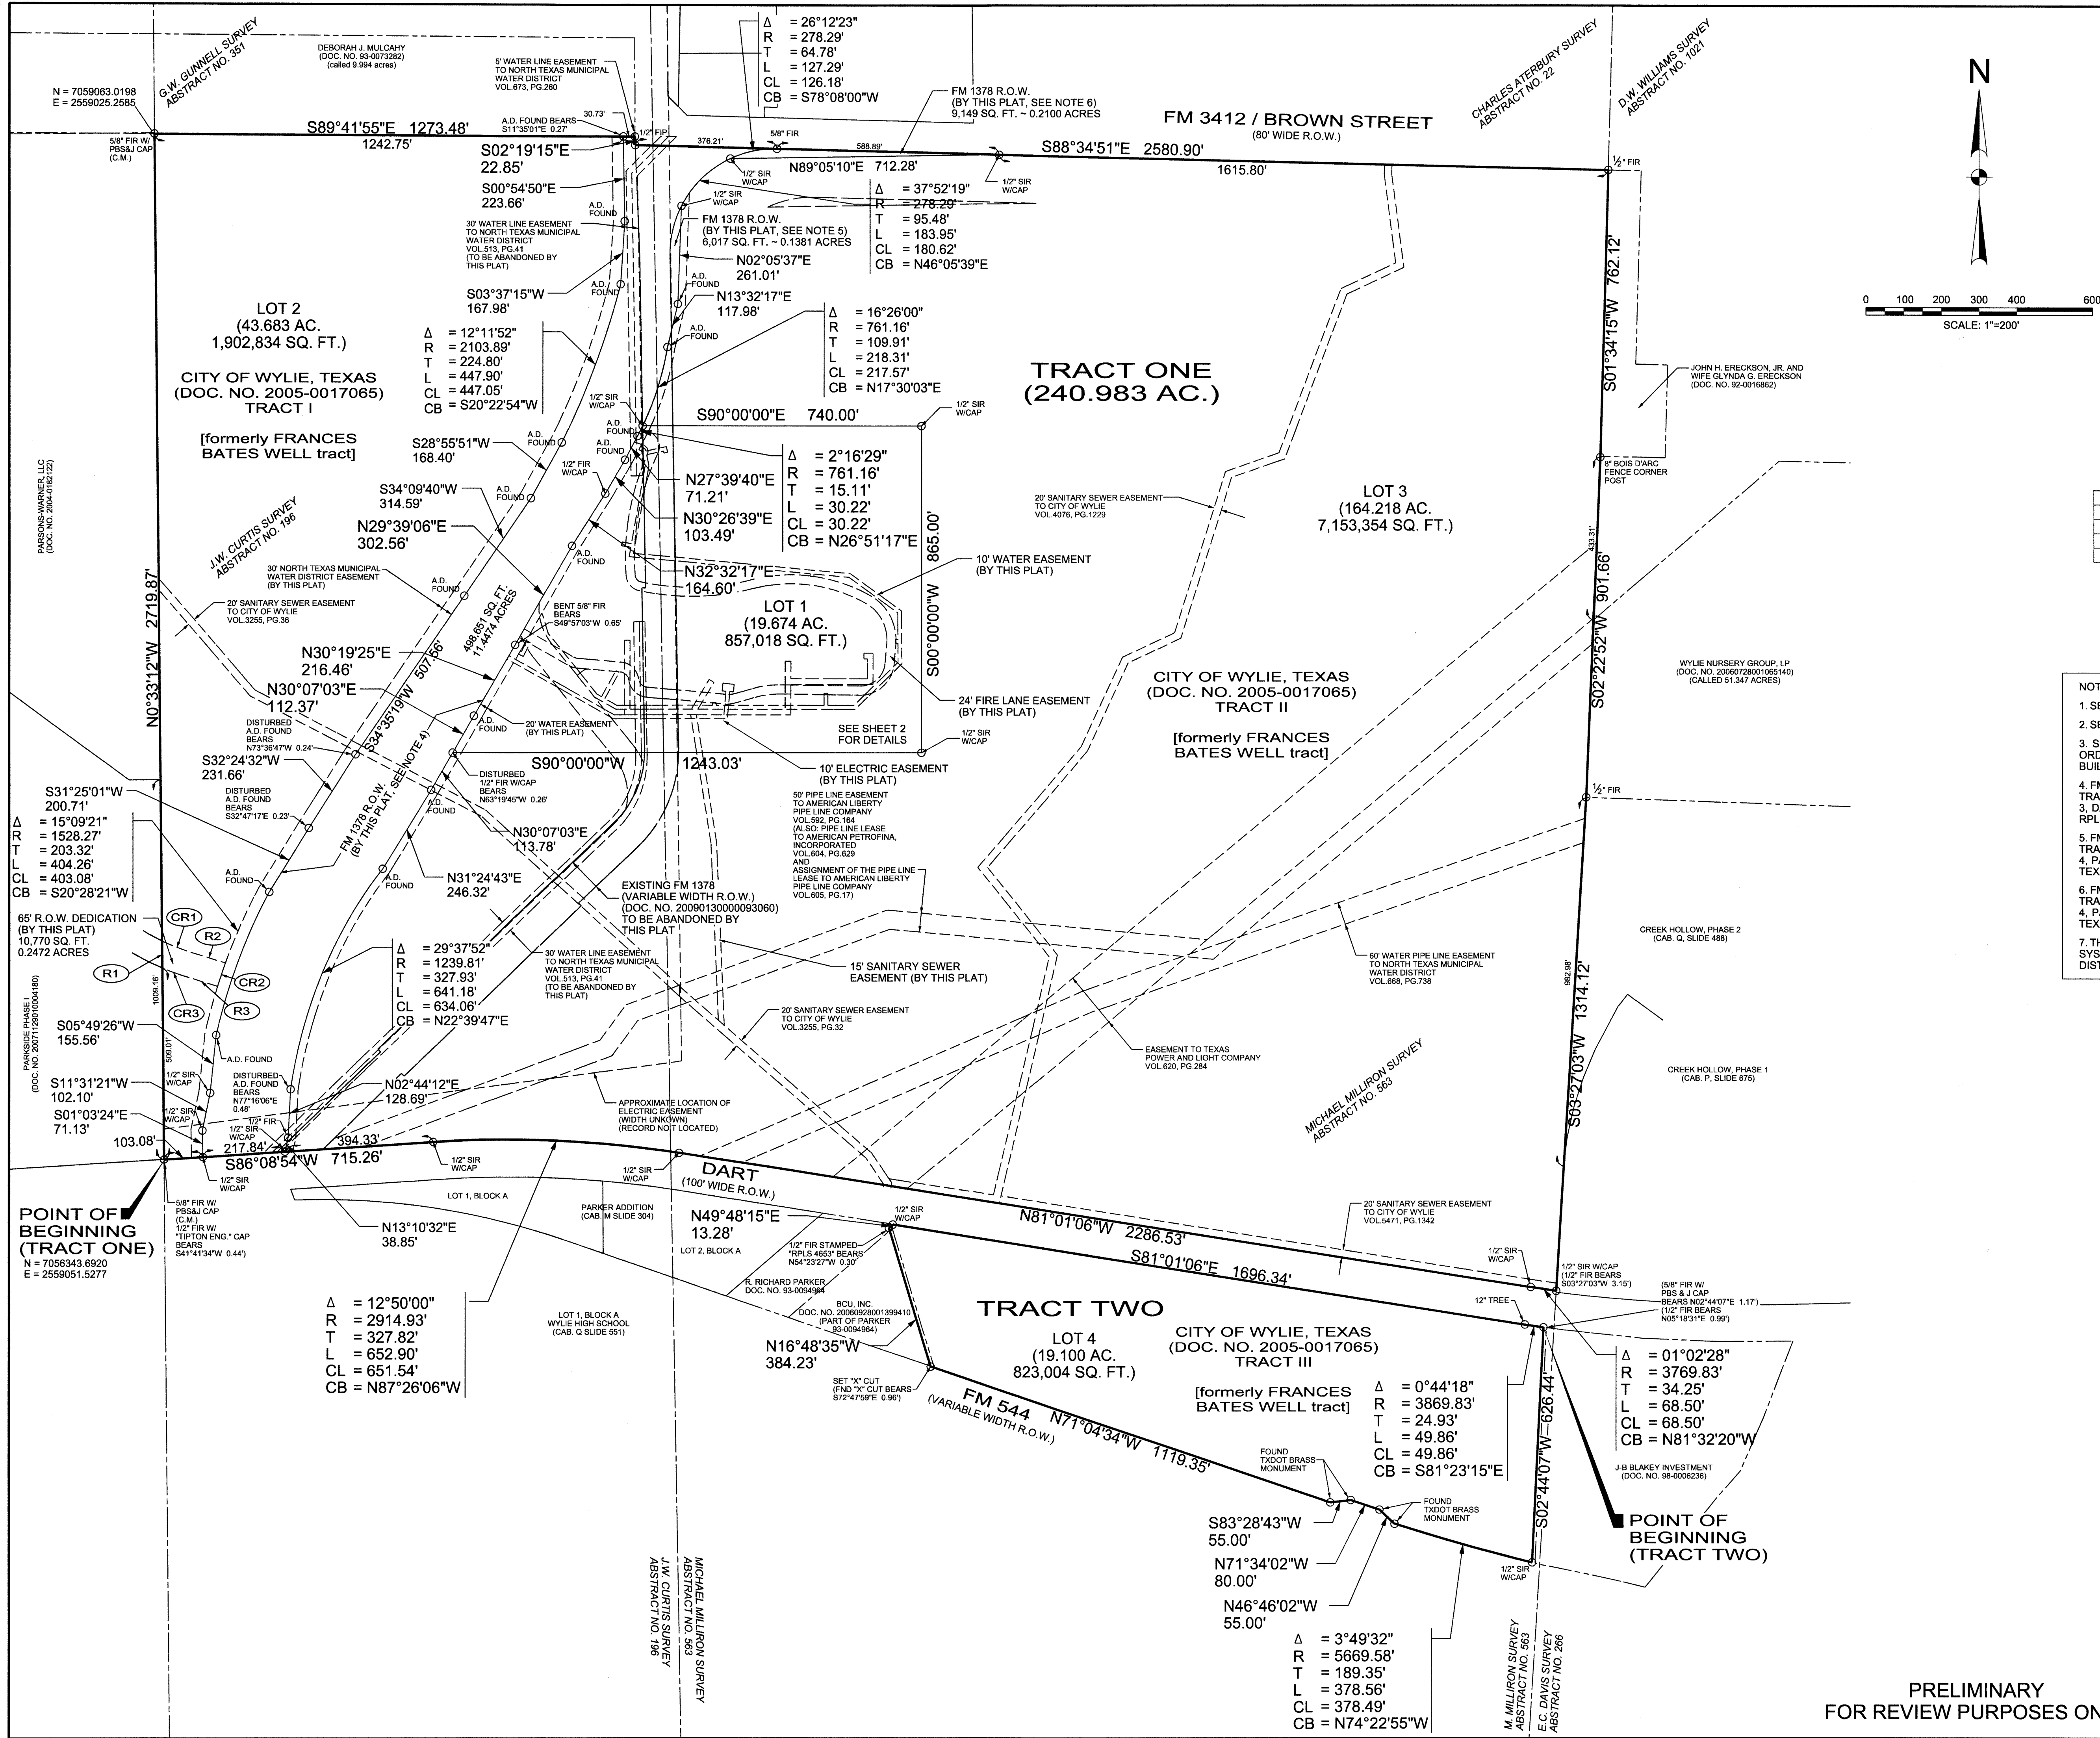

The property totals 260.08 acres and creates and establishes (4) four lots for the development of City Hall, Recreation Center and Library on Lot 1.

Designated access points will be located off FM 1378 to include a divided entrance with one lane ingress to the subject property and two lanes of egress. The plat establishes easements for water and sewer lines, fire lanes and hydrants. A 60' right-of-way for a temporary detour road easement will be removed upon the completion of improvements to FM 1378. The plat also dedicates the necessary rights-of-way to accommodate realignment and improvements to FM 1378. A section of old FM 1378 is abandoned by this plat.

The Final Plat complies with all applicable technical requirements of the City of Wylie.

### Subject

Hold a Public Hearing and consider a recommendation to the City Council, to amend Sections 2.09 & 2.10 of Ordinance 98-15 & Concept Plan of the Woodbridge Subdivision to increase the minimum dwelling size from 1,600 s.f. to 1,800 s.f. and to allow a minimum lot size of 5,500 s.f. **ZC 2011-01**

### Recommendation

Motion to recommend approval to the City Council, amending Sections 2.09 & 2.10 of Ordinance 98-15 & Concept Plan of the Woodbridge Subdivision to increase the minimum dwelling size from 1,600 s.f. to 1,800 s.f. and to allow a minimum lot size of 5,500 s.f. **ZC 2011-01**

### Discussion

**Rescheduled from February 1, 2011 meeting**

**Owner: Woodbridge Properties, LLC**

**Applicant: Herzog Development Corporation**

The subject property is part of the larger mixed use Woodbridge Planned Development (PD 98-15), which consists of Single-Family Residential of varying densities, Multifamily Residential, a Golf Course, Parks, Commercial, a School Site, and Common Open Spaces. The entire Planned Development is 921 acres in size, of which approximately 409 acres and 1,650 single-family lots of the PD are located within the Sachse city limits. The portion of the PD located within the Wylie city limits is approximately 512 acres in size and includes a golf course, a school site, common and public open spaces, and approximately 980 single-family residential lots (SF-5.5, SF-7.2 and SF-8.4).

The Concept Plan was approved by the City Council as part of the original Planned Development (PD 1998-15) on June 9, 1998, but did not serve as an approved Preliminary Plat and each subsequent phase must have a Development Plan/Preliminary Plat approved by the Planning and Zoning Commission and City Council.

The intent of the subject amendment is to allow for a minimum lot size of 5,500 sq. ft. in order to provide for an increase in the minimum dwelling size from 1,600 s.f. to 1,800 s.f. on the remaining 24.381 acres. The subject tract is south of Woodbridge Phases 10D & 9, and located both within Dallas & Collin Counties. The main entrance is from Creek Crossing Lane, which intersects Sachse Road.

*This amendment affects only those lots platted after the approval date of this Amendment.*

As proposed, the development would yield 111 single family residential lots and three lots owned and maintained by the HOA designated as open space. A 60' wide R.O.W. has been added to allow for additional ingress/egress into this phase.

The currently approved PD Conditions set forth the development design standards of the subdivision. The original conditions for the subject tract allow for a minimum lot size of 8,400 s.f, whereas the proposed amendment would allow lot sizes of 5,500 s.f.

Lots to the north (Phase 10D) are comprised of a minimum of 8,400 s.f. lots with a minimum dwelling size of 1,600 s.f. while Phase 9 ranges in size from a minimum of 5,500 s.f. to over 7,500 s.f. with a minimum square footage of the main building being 1,200, exclusive of garages, breezeways & porticos.

The attached Exhibit "C" indicates a comparison of the original PD and the proposed PD Conditions. The density for this phase increases from 3.56 dwelling units per acre (du/ac) to 5.53 du/ac, while the overall density decreases slightly from 2.16 du/ac to 2.12 du/ac.

Section 2.10.c states that a minimum ratio of 7 interior lots shall be developed for each golf course lot. This line item is not applicable to this amendment, as no lots are adjacent to the golf course. Section 2.10.d in regards to readjustment of city limit boundaries is not applicable to this amendment as there are no 9,000 s.f. lots within the subject tract.

The proposed amendments separate the dwelling sizes on a percent of all lots. However it is not known at this time whether the lots will be Patio Homes or Single Family detached or a combination of the two. The PD Conditions set forth the minimum allowed for each dwelling type.

An existing water feature separates the proposed lots west of Creek Crossing from those lots within Phase 10 along Parke Lake Drive.

Thirty-Six (36) notifications were mailed to property owners within 200 feet in accordance with State Law. As of January 27, 2011 two responses were received opposing the request and three responses in favor of the requested zoning amendment.

## COMMENTS:

Before we purchase our home we checked to see  
if area would be developed & was told it wouldn't  
be. This is one of the contributing factors of purchasing  
this spot. We were the first to have home built  
in this division & didn't want to be surrounded by homes  
or businesses. We vote no for zoning request.

## AGENDA REPORT

<b>Meeting Date:</b>	<u>February 15, 2011</u>	<b>Public Hearing Item Number:</b>	<u>2</u>
<b>Department:</b>	<u>Planning</u>		
<b>Prepared By:</b>	<u>Renaé Ollie</u>	<b>Zoning Case Number:</b>	<u>2011-02</u>

<b>Date Prepared:</b>	<u>January 18, 2011</u>	<b>Exhibits:</b>	

### Subject

Hold a Public Hearing and consider a recommendation to the City Council, amending PD 2000-22B & Concept Plan of the Estates of Creekside to decrease the front yard setback with the purpose of increasing the width of the main collector road into the subdivision and to delete 0.9 acres of ETJ land included in current PD, generally located south of Parker Road and approximately ½ mile west of Country Club Road. **ZC 2011-02**

### Recommendation

Motion to recommend approval to the City Council, amending PD 2000-22B & Concept Plan of the Estates of Creekside to decrease the front yard setback with the purpose of increasing the width of the main collector road into the subdivision and to delete 0.9 acres of ETJ land included in current PD, generally located south of Parker Road and approximately ½ mile west of Country Club Road. **ZC 2011-02**

### Discussion

#### Rescheduled from February 1, 2011 meeting

**Owner: Gary DeFrain, Campbell Wylie Partners**

**Applicant: Campbell Wylie Partners**

The subject tract was part of a Planned Development approved on March 27, 2001 in order to develop a master planned residential community. A Preliminary Plat has since expired and will be resubmitted in the near future pending approval of the subject PD Amendment.

The intent of the amendment is to increase the main north/south route to a collector street and to add alleys to prevent any direct driveway access onto the collector. With these proposed additions, the applicant cannot meet the language of PD 2000-22B that requires all garages to be side-loaded and a minimum front yard setback of 30 feet for Tract A lots and 35 feet for Tract B lots.

The owner/applicant is requesting that the front yard minimum setback be reduced to 25' for Tract A lots, and 30' for Tract B lots. The requested reduction is in conformance with the current SF-10/24 zoning district front building line of 25'.

The currently approved PD Conditions set forth the development design standards of the subdivision. The original conditions allow for a roof pitch of 6:12 with no like house elevation within 5 lots to each other on both sides of the street. The amended conditions call for a roof pitch of 8:12 with no like elevation within 7 lots of each other on both sides of the street, both which would be in conformance with the current zoning ordinance.

In addition, the applicant has removed the clause that *All garage doors shall be side loaded except if minimum 25 feet behind front building line. Front load garage allowed on side street corner lot.* However, no dwelling will have a garage door that faces the main collector street (Street A).

The minimum dwelling size for Tract "A" remains as 2,000 s.f., exclusive of garages, breezeways and porches. The minimum dwelling size for Tract "B" remains as 2,400 s.f., exclusive of garages, breezeways and porches. The minimum dwelling size for single-family residential in the current ordinance is 2,400 s.f.

In addition, the typical lot size for Tract "A" lots increases from 10,000 s.f. to 10,200 s.f., and the typical lot size for all Tract "B" lots has a minimal decrease from 12,690 s.f. to 12,502 s.f.

The owner/applicant is dedicating 17 acres of parkland to the City and 2.5 acres to be owned and maintained by the HOA. This item was submitted to the Park Board and was subsequently approved with the understanding that the developer will install improvements in the proposed parkland, and dedicate additional parkland located south of the development to Wylie, and will work in good faith with the cities of Parker and Wylie to establish a connection through Parker to connect two trail segments located in Wylie.

Nine (9) notifications were mailed to property owners within 200 feet in accordance with State Law. As of October January 27, 2011 no responses were received regarding the requested zoning amendment.
